shington, March 5.—The fifty- congress, which expired on day, March 4, at noon, has been liberal in the matter of appro- ions. The budget for the ex- o fthe government for the fis- ear 1908, is in excess of $1,000,- 000.

In its final analysis eans that five or six or ren bers of a conference comm tee ically assume the power of leg- ing in place of the senate and of representatives.

important feature of the pres- session has been the failure to any extensive legislation af- the railroads. The LaFol- providing for a reduction of per annum in the payment for carrying the mail, ced in the senate as an the postal appropriations defeated in the house, struggle in the con- as reduced about

is used to secure the daily average weight on mail carried on railroads, was defeated and the week's haul will continue to be divided by 6 instead of 7.

Senator LaFollette's bill directing the interstate commerce commission to submit a valuation of railroad properties for use as a basis in rate-making and taxation, was also defeated.

The agitation to prevent trading by express companies in the commodities transported by them, in competition with commission merchants. The rate bill of last year denied this privilege of merchandising to railroads, but did not include express companies. As a result, the express companies have built up an extensive business in C.O.D. shipments of liquor, fruits, meats and vegetables. A resolution calling for an investigation into this business of express companies, preparatory to legislation next session, was suppressed, and never reported from the committee to which it was referred.

Congressman Brantley, of Georgia, attempted to have congress adopt his measure prohibiting interstate C.O.D. shipments of liquor, which was reported from the judiciary committee after the Littlefield bill had also been reported, but was unsuccessful. One bill sought to prohibit entirely any interestate shipments of liquor. The advocates of the other bill held this measure to be clearly unconstitutional.

Senator Aldrich attempted to kill the denatured alcohol bill, but enough republicans joined with the democrats to reserve to the farmers the right to operate their own stills for the manufacture of denatured alcohol for domestic use.

The effort to strengthen the pure food bill by the establishment by the government of food standards, has been unsuccessful. This provision was stricken last year, and the effectiveness of the bill has thus been greatly curtailed.

Senator Beveridge made a hard fight for two amendments to the meat inspection law, one to require packers to place the date of packing on every package of foodstuffs, and another to force them to pay the cost of inspection of their products. The first was killed in a conference committee; the second in the open senate.

Despite the demands from all sections of the country for tariff revision there will be no effort at revision, it has been definitely decided, until after the next presidential election. The republicans are afraid to attempt any wholesale revision, and an effort to force a republican caucus in the house on the subject failed completely. The republicans will continue to "stand pat" and the schedule established by the Dingley bill will remain in force for a couple of years longer.

No extensive currency reform measures have been adopted. The democrats opposed the Fowler bill reported from and banking and currency committee, and the Aldrich currency bill is about the only step in the direction of attempting to provide a more elastaic currency that has been attempted.

Among the measures which have passed, it might be mentioned in recapitulation, are those prohibiting campaign contributions from corporations, the exclusion of Japanese coolie labor, granting the government the right of appeal in criminal cases under certain conditions, an investigation into woman and child labor, and the ratification of the Santo Domingo and Algeciras treaties.

The Brownsville investigation, being conducted by the senate committee on military affairs, has not given the president's supporters all the encouragement they hoped for. Senator Foraker shows a determination to push the case even to the extent of establishing guilt.

The ship subsidy bill occupied the closing hours of the session.

Congressmen Going to Panama.

Washington, March 5.—About 50 senators and representatives will leave Washington March 6, on the steamer Alliance on a tour of inspection of the Panama canal zone. The tour will last until March 16.

Buried by Landslide.

Bona, Algeria, March 5.—Eighty-five persons have been buried by a landslide of about 15 square miles, [illegible] mountain side near Sedrata.

SOUTHERN PASSENGER TRAIN IN COLLISION

Engineer on Freight Had Left Th ot le And Engine

SLIPPED ONTO THE MAIN LINE

None of the Seven Injured Is Seriously Hurt—That Result Was Not More Disastrous Is Considered Almost Miraculous.

Atlanta, March 5.—With no engineer at the throttle, freight train No. 81 drifted from a side track to the main line at Howell Station Monday morning about 5:10 o'clock, and was crashed into with such force by incoming Southern passenger train, No. 143, that five postal clerks, a negro passenger and one of the conductors were painfully hurt, and both engines badly damaged.

The names of the injured follow:

J. F. Calhoun, Atlanta; J. P. Blodgett, Atlanta; B. R. Clark, Atlanta; V. L. Brown, Greensboro, N. C.; A. F. Siller, Greensboro, N. C., all postal clerks Mose Matherson, Norcross; a negro passenger, and C. F. Marshall, Atlanta, conductor of the pasenger train.

None of the injured sustained any broken bones, and bruises, cuts and wrenches were the extent of their hurts. All were able to leave the scene of the wreck unassisted.

Perhaps the most serious injured was Conductor Marshal. He was thrown heavily against a seat when the collision occurred, and suffered a badly bruised shoulder and wrenched ankle.

The two trains whose impact added another entry to the ever-growing list of wrecks, were each owned by the Southern road. The freight was bound from Atlanta to Birmingham, and the passenger train was enroute from Greenville, S. C. The former was in the charge of Engineer G. B. Davis, and Conductor Cable, and the latter of Engineer C. C. Blackburn and Conductor C. F. Marshal.

The crash happened, it is said, while no engineer was at hand to guide the freight train, and was caused by it slipping slowly from a sidetrack to the main line along which was speeding the incoming passenger train.

As is usual, the freight train was sidetracked at Howell Station that the passenger train from Greenville might pass. While waiting for the latter train to put in appearance, Engineer Davis made his way to the telegraph station that is but a few yards distant from the place of the wreck, and was here at the time the collision took place.

The siding on which the freight train lay is a good deal elevated above the principal track, and, with no one at hand to apply emergency brakes or resort to some other expedient, it rolled slowly on the main track, and had left the siding entirely when the passenger train swept down on it.

The latter was running at only a slow rate of speed, otherwise fatalities might have occurred. As it was, both engines were thrown from the track, and badly battered up. None of the cars, however, suffered damage.

Jerome Through With Evans.

New York, March 5.—Dr. Evans was recalled when the Thaw trial was resumed Monday morning. In the course of his cross-examination of Dr. Evans, Monday, District Attorney Jerome, asked: "Were Thaw's mental processes such that he knew that he was attacking Sanford White on the roof garden?" "He had an insane knowledge—yes," replied Dr. Evans. Mr. Jerome has concluded his cross-examination of Dr. Evans at 12 o'clock. The witness was excused temporarily from redirect examination and Dr. Charles C. Wagner, another alienist, was called.

Russian Rebel Arrested.

St. Petersburg, March 5.—Alexis Ivankoff, a revolutionist, has been arrested at Berslansk. When taken into custody a trunk containing 25 bombs were found in his possession.

NEW TRIAL IS DENIED.

Judge Roan Overrules Motion of C. N. Anderson.

Atlanta, March 5.—Judge Roan has overruled the motion for a new trial for C. N. Anderson, convicted of running a bucket shop, presented by Felder & Rountree, attorneys for the defendant, and so the case will be decided by the supreme court, to which it has been carried.

The grounds for another hearing for Anderson given by his counsel were that the court was in error in overruling the demurrer which attacked the manner in which some of the defendants had been indicted as well as the constitutionality of the Boykin act; that the court erred in accepting the verdict of the jury as the evidence did not support it; and the court was also in error in failing to charge the jury on certain points as requested by the counsel for the defense.

The hearing consumed much time, the attorneys expounding various legal technicalities in an endeavor to carry their point.

Court Circles Are Agitated.

Paris, March 5.—A dispatch to the Eclair from Madrid says that court circles there are agitated by reports that there are indications that the queen will probably present twins to the world. If this were to occur, it would raise interesting legal, medical and political questions, besides being unique in royal history. This would be especially the case should these twins be boys, or if girls, they should be the only children of the royal couple. Disputes it is thought, would be certain. The present Spanish law declares that the first born of twins is the older and therefore has the right of succession. The old Spanish rule reversed this order, and modern medical opinion, the Eclair says, supports the older law which declares that the older child in the case of twins is the last to be born.

No Hope Is Now Expressed.

Wilmington, N. C., March 5.—A telephone message from Fayetteville says that Chief of Police A. Chason and Policeman Buckingham, who were fatally wounded by the negro Tom Walker, who at the same time killed Policeman Lockamy in a raid on a blind tiger there, are still living, but no hope is entertained for either. The negro, Walker, captured Sunday night at Dunn, N. C., was taken by Sheriff Watson and deputies to Raleigh, for safe-keeping He will be returned to Fayetteville in two weeks. It is believed that if he were brought to Fayetteville now, he would be dealt with summarily.

Order Causes Dissatisfaction.

Panama, March 5.—An order issued by the Canal authorities has caused much comment and dissatisfaction among the employees. The order abolishes cumulative leaves of absence and obliges all those entitled to three months' leave to take it on April 1 or lose the right to any leave at all. Many of the employes intend to ask for their leaves at once, and their action may disorganize the situation, besides handicapping the work of the several departments. Indignation meetings are being held along the line of the canal and these may result in the modification of the order.

No Naval War for Germany.

London, March 5.—A dispatch to the Express Berlin states that Germany dare not even think of fighting a naval war before 1920, according to the verdict of a high German naval expert. He condemns many of the battleships as unseaworthy and obsolete, refers to several of them as floating coffins, the use of which in war would only mean the sacrifice of their crew and says that the construction of new battleships is proceeding so slowly that thirteen years will pass before Germany has an efficient navy.

Police Inspector Assassinated.

Ufa, Russia, March 5.—Prison Inspector Kolbe was shot and killed Monday morning by three revolutionists. One of the assassins was captured. It is said the inspector has been sentenced to death by the social revolutionists on account of his cruelty to political prisoners.

THE SECOND WEEK OF STROTHERS TRIAL

Opened With Interest Centered In the

ATTEMPT OF THE PROSECUTION

To Shatter the Plea of "Emotional Insanity," Which Was Advanced by the Defense—Much Interest Is Manifested in the Case.

Culpepper, Va., March 5.—The second week of the Strother trial opened with interest centered in the attempt of the prosecution to shatter the plea of "emotional insanity," advanced by the defense.

By calling Dr. DeJarnette, superintendent of the Western State hospital of Staunton, Va., to the stand on Monday, the prosecution aimed to show that on the night of Dec. 15, when William F. Bywaters was shot to death, James A. and Philip Strother, charged with the killing were in no sense irresponsible.

The next witness in point of importance is Edward L. Gaines, the brother-in-law of the Strother brothers, who was called by the commonwealth for the state.

Mr. Gaines was at Rotherwood on the night of the tragedy, although he was not, acording to the defendants' present when the shooting of Bywaters occurred. By Mr. Gaines' testimony the prosecution hopes to establish the fact that the Strothers were not only perfectly cool and sane on the night of the tragedy, but that he was an actual witness to the shooting of Bywaters.

Following the example of Dr. DeJarnette and James, the prosecution and defense to the jury will be submitted to Judge Harrison.

Man Hit by Train.

Kingston, Ga., March 5.—General Brown, twenty years of age, was struck by a Western and Atlantic northbound passenger train opposite the depot Sunday morning. He attempted to cross in front of an engine but failed to clear the track and the head block struck him, knocking him about 15 feet. It is thought he is not seriously injured, unless internally. He lives at North Rome. He was going to Hall's Station to spend the day.

Will Pay Georgia Men.

Washington, March 5.—The treasury department has notified Senator Clay that the claims of the Georgia Spanish-American war soldiers, which have pending before the department for several years, have been settled, the aggregate of the awards in $29,383 and warrant for this amount will be promptly sent to Governor Terrell, who will distribute the fund.

King Edward Leaves for Biarritz.

London, March 5.—iKng Edward started for Biarritz Monday morning. He spent the night in Paris. After about three weeks' stay at Biarritz his majesty will join the royal yacht Victoria and Albert in the south of France, and will cruise in the Mediterranean sea with Queen Alexandra. Their majesties will return to England towards the end of April.

Grounded Steamer Afloat.

London, March 5—Advice received from Dover state that the Red Star line steamer Vaderland, which grounded on the Goodwin sands Sunday night, got off early Monday and proceeded on her voyage. The fact that the steamer resumed her voyage indicates that she sustained no serious damage as the result of the stranding.

Died of Pneumonia.

Pittsburg, March 5.—Frank Van Dusen, chief assistant general passenger agent of the Pennsylvania lines east of Pittsburg, died Monday of pneumonia. Two hours later his wife, Mrs. Sarah Vandusen, expired in an adjoining room of the same disease. Mr. Vandusen was born in Cincinnati sixty-two years ago.

COL. GEO. W. BAIN MADE A BIG HIT

Chautauqua Audience Tuesday Delighted With Lecture.

THE AFTERNOON SESSION

Was Also Enjoyable, as Was the Morning Session, When Prof. Brown of Virginia Delivered One of His Famous Lectures on the Bible.

The second day of the fourth annual session of the Florida Winter Chautauqua opened with most encouraging prospects Tuesday morning, when Prof. J. R. C. Brown faced a large audience in his Bible readings on Genesis. The big tabernacle, which has a seating capacity of nearly 3,000, was well filled, and altogether the attendance showed a most hearty approval.

Prof. Brown, as usual, gave a most interesting talk on the Book of Genesis, from which he related several facts and lessons which proved of great benefit to his hearers. Those who go to hear Prof. Brown in his great work never miss of his lessons, and his work is interesting all the time.

In the afternoon, according to the program, the audience was entertained by Misses Christina Giles of Cleveland, Ohio, and Miss Grimmelle. Both are clever in their respective lines, and kept their hearers entertained during the entire program. The program was interspersed with vocal and instrumental music, recitations and impersonations, which were all fine. Both ladies are certainly professionals, and have won the admiration of chautauqua attendants.

In the evening, beginning at 8 o'clock, Miss Giles opened the entertainment with violin and vocal solos. She was followed by Col. Geo. W. Bain of Kentucky, whom it has been said is the most versatile orator of the South, with his famous lecture "The Search-light of the Twentieth Century." Col. Bain, who at once gained the favor of the audience Monday night, completely captivated them upon this occasion. He is without doubt the best chautauqua lecturer the patrons of the Florida Winter Chautauqua have ever had, and will be one of the greatest drawing cards and advertisements for attraction. Not only is Col. Bain clever on the platform, but equally as clever on the street, in the hotel lobby, and in the walks of every-day life. He is one of those clever, big-hearted men who feels that the whole world is his friend, and everyone he meets is as dear as himself. That is the way he looks upon his fellow man, and no one who meets him can help but admire him from the beginning. Full of patriotism, good cheer and good humor, it is no wonder he has so many admirers wherever he appears.

Clarence B. Strouse, who has had the securing of the program in entire charge, is to be congratulated so far as the attractions, which have been the best ever seen in chautauqua work here.

The program for the remaining days of the Chautauqua is selected from the very best talent the United States can afford and is bound to please those who attend.

Today's Program.

At 10 o'clock this morning Prof. J. R. C. Brown will continue his Bible teachings.

In the afternoon, beginning at 3 o'clock, Col. Geo. W. Bain will make his last appearance at this session, delivering his famous lecture entitled, "The New Woman and the Old Man."

The evening session will open at 8 o'clock, with the first appearance of the Montauk Lady Quartette of Brooklyn, N. Y., in vocal and instrumental work, to be assisted by Misses Giles and Grimmelle.

Weak Women

NEED VINOL

its cod liver tonic elements create vitality and strength

There are hundreds of women in Gainesville weak, thin, run-down, tired out and nervous, just in a condition to fall a prey to any disease.

Our local druggist, W. M. Johnson, says such women need Vinol, our vitality-making and strength-creating tonic.

Vinol is not a patent medicine, but the medicinal elements of good old-fashioned cod liver oil in a highly concentrated form—taken from fresh cods' livers—the useless oil eliminated and tonic iron added.

This is why it creates an appetite, tones up the digestive organs, makes rich red blood and replaces weakness with strength.

We ask every weak, thin, run-down, nervous and aged person in Gainesville to try Vinol on our guarantee to return money if it does not benefit them — W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

SENT TO JAIL FOR CONTEMPT

Prominent Attorney Refuses to Obey Instructions of Mayor Thomas.

On Monday evening, about 6:30 o'clock, there was an exciting scene in the vicinity of West Main and East Mechanic streets, the center of this excitement being directed at the building occupied by Attorney B. A. Thrasher. There had been heard five pistol shots, and those in the community began to imagine all kinds of disorder, and an officer was summoned.

Marshal Pinkoson answered the summons, and, entering the place, arrested Attorney Thrasher, who uses the room as an office.

Col. Thrasher was taken to the mayor's court on Tuesday morning. When requested to remove his hat he refused, and it was removed by Marshal Pinkoson, who received the thanks of the defendant. When requested to take a certain chair, in order to be arraigned, Attorney Thrasher refused to do so, remarking that the chair in which he was seated was very comfortable, whereupon Mayor Thomas instructed Marshal Pinkoson to take the defendant to jail for contempt of court.

Col. Thrasher contends that he is not in contempt of court, as he had never been arraigned. In fact he claims that the Mayor never announced the opening of court, and that he has not as yet been made acquainted with the charge upon which he was arrested.

The case will be called again this morning.

FARMERS' INSTITUTE TO BE HELD HERE

Big Meeting of Farmers in Gainesville, on March 9.

MANY IMPORTANT SUBJECTS

In the Matter of Farming and Raising of Vegetables Will be Discussed by Pioneer Farmers and Vegetable Growers Who Are Experienced.

A Farmers' Institute will be held at the court house in Gainesville, Saturday, March 9th. There will be two sessions, one beginning at 10 o'clock in the morning and one beginning at 1:30 o'clock in the afternoon.

As will be seen from the program printed below, the subjects discussed will be of immediate and practical interest to all the farmers of Alachua county, and a large attendance is desired. The future of American farming depends largely upon the extent to which the men engaged in it will organize and educate themselves along lines pertaining to their business. Let no farmer miss the opportunity to hear and take part in the discussion to be presented at this meeting.

The Program.

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 20 Winter Street, New Haven, Conn., writes:

Dear Mrs. Pinkham:—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

MONTHLY MEETING OF CITY FATHERS

Meeting Was Interesting One and Lasted Well Into the Night.

MANY IMPORTANT MATTERS

Were Disposed Of—Extension of Water Mains Ordered—Ordinance Increasing Marshal's Salary Lost on First Reading.

The regular monthly meeting of the City Council was held at the City Hall Monday evening.

There were present President Broome; Aldermen Benson, Cushman, Hodges, Taylor, Wittstock, and Clerk Dell. The Honorable Mayor and City Attorney Broome also lent dignity to the meeting by their presence.

The minutes of the last regular meeting, and intervening special and recess meetings, were read.

Alderman Hodges, in commenting upon the minutes, stated that the same were correct with one exception. He requested that the clerk insert in the proceedings that his position in opposition to Ordinance No. 128, familiarly known as the "Peace and Morals" ordinance, was not because he objected to the ordinance, but that he objected to its discriminating features in the matter of Sunday closing. "I want it understood that I am in no way opposed to this ordinance," he said, "but it should be broader in its scope in relation to the performing of labor and Sunday closing." Dr. Hodges in perfectly in sympathy with the purport of the instrument, which he declared is a good move, but wants it effective generally.

Upon motion of Alderman Taylor, Alderman Hodges' request was granted, after which the minutes were approved.

The report of the marshal, $73 for fines and collections for February, and the collector, $1,904.57, $109 of which was collections for water rents, were read and ordered filed.

The bills for February were presented and ordered paid, after having been approved by the Finance Committee.

Communications were received requesting that the assessments on the property of H. G. Lewis, North Gainesville, and Dan Murray, Spring Hill, be reduced. Upon motion Mr. Lewis' assessment was reduced from $600 to $200, and Dan Murray from $300 to $100.

The question of disposing of the buggy formerly used by Fire Chief McArthur was brought up. The present chief, E. A. O'Neill, being of a modern nature, had made requisition for a bicycle by which he would be enabled to reach the scenes of conflagration, which had been supplied, hence the former chief's rig had been placed out of commission, and was of no more service to the city. Alderman Benson moved that the chairman of the Fire Committee be authorized to dispose of same by sale.

The question of interest upon the educational bonds, due March 1, was brought up, and the same was ordered paid.

S. J. Thomas has established a little town of his own in the northwestern section of the city, bordering on North Seventh street. He is erecting a large number of houses for rental purposes, and desires that the city extend its water main, a four-inch pipe, along North Seventh, in order that his tenants may enjoy the conveniences of water. Alderman Cushman, who is chairman of the Water Committee, stated that he had investigated the matter, and had ascertained that there would be about thirty houses to be furnished, if all decided to take the city water. Upon the strength of Alderman Cushman's report the committee was instructed to make the extension.

Alderman Hodges spoke upon the importance of preparing an ordinance providing for inspection of plumbing jobs in the city. He stated that this was a very important question, affecting the health and general sanitary condition, and made a motion to the effect that the Ordinance Committee prepare an ordinance to cover the point. This motion was carried, and the ordinance will probably be ready at the next regular session of the Council.

Alderman Taylor introduced the following resolution, which was adopted:

"Resolved, That the city clerk deliver to the secretary of Board of Public Works, twenty bonds for $500 each, bearing date of February 1, 1907, same being known as 'Municipal Bonds,' and issued in order to buy from the State of Florida the property known as the Barracks lot; and that the clerk is hereby instructed to prepare receipt for same in the minute book, and have same signed by the secretary of the Board of Public Works."

The question of disposing of the old building of East Florida Seminary, known as the barracks building, was taken up. Mayor Thomas guaranteed some time ago that he would purchase the building at $1,000, and Alderman Cushman made a motion that the offer of Mayor Thomas be now accepted, and that the property be delivered to him for $1,000 cash. There was some opposition to this motion, and a substitute was offered by Alderman Hodges that the property be advertised and sold at auction to the highest bidder. A vote was taken on the substitute, which was lost by a vote of three to two. The original motion was then put, which was carried by a vote of three to two. Aldermen Broome, Cushman and Taylor voted for the original motion, Aldermen Hodges and Wittstock against. Alderman Benson in the meantime had retired.

On motion Bartz' City Directory, Volume 2, for 1907-8, which will soon be compiled, to succeed Volume 1, 1905-6, was unanimously endorsed and approved as the official city directory.

An ordinance providing for the increase of the salary of the marshal after the second Monday in April to $900 per year, was placed upon its first reading and lost by a vote of three to two.

An ordinance authorizing the city to issue special assessment city certificates for constructing sidewalks on East Main street N, amount $2,643 04, said certificates to bear interest at the rate of 6 per cent per annum, and payable on or before September 1, 1907, was passed upon its first and second readings and ordered engrossed, when the Council took a recess until Wednesday afternoon at 3 o'clock, when this ordinance will no doubt be passed upon its final reading.

Defines His Position.

Lyons, France, March 5.—Ex-Minister of Marine Pelletan, in a speech to his constituents defined his position as being a socialist but not a collectivist, saying that he regarded with horror the idea of the suppression of private property, which would be against the interest of humanity. Nevertheless, he insisted it was necessary to co-operate with the followers of M. Jaures in order to curb capitalism and accomplish social reform.

A WOMAN'S EXCHANGE

Will be Established by the Gainesville Library Association.

The committee of the Library Association in charge of the Woman's Exchange, want to announce to the ladies of Gainesville that on Wendesday afternoon, March 6, between the hours of three and six o'clock, an exchange will be opened at the library on West Liberty street. All ladies are warmly asked to come and give in their names as members of the exchange, and those who have any fancy work that they would like to enter to bring it.

The consignors' rules are given below. This exchange is for the benefit of the library, as both the initiation fees and percentage will go to the library fund.

The ladies who join this exchange will derive benefit from the disposal of their fancy work. The committee hope that after this exchange is well established it will be well patronized by the general public.

Rules for Consignors.

Upon payment of one dollar any person may consign to the exchange the work of ONE woman for one year, provided such work be accepted by the examining committee.

Persons consigning work must price their articles, from which the Exchange will deduct ten per cent.

Goods will be received on Tuesdays, Thursdays and Saturdays.

On Wendesdays money for anything sold during the week will be paid consignors.

Out of town consignors paid first Wednesday in each month.

Consignors must give one day's notice before withdrawing goods.

Every article is entered by number instead of name, and must be sent free of charge to the Exchange and at the risk of the owner.

The Exchange will not hold itself responsible for losses, having taken all reasonable precautions against fire, theft and accident.

Plain sewing will be made a specialty. Persons wishing to do such work must bring sample of their skill.

All orders will be filled by the consignor whose sample elicits the order.

Letters sent to the Exchange should be addressed to Woman's Exchange, Gainesville, with stamp enclosed for reply.

G.B.Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Spooner Quits U. S. Senate.

Washington, March 5.—Senator Spooner has written a letter to Governor Davidson, of Wisconsin, tendering his resignation as a senator of the United States, to take effect on May 1, next. The letter was dated Saturday, but the fact that such a letter had been written or that Mr. Spooner contemplated resigning did not become known in the senate until late Sunday, when it created great surprise, and the Wisconsin senator at once found himself the subject of many anxious inquiries.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

THIS WOMAN WAS ONE OF OLDEST

Henrietta Williams, Reported to be 125 Years of Age, is Dead.

SHE WAS OF ACTIVE LIFE

Born in Charleston in 1782, She Has Lived a Long and Eventful Life, One Which Shows Remarkable Traits of Character of Religion.

Henrietta Williams, reported by her relatives to be one hundred and twenty-five years of age, died at the home of her daughter, Emma Banks, in this city, Sunday afternoon, after an illness of some time.

Deceased was not only the oldest person in Florida, but probably the most aged in the United States, from the report of her relatives. There is naturally some doubt as to the correctness of this age, but the deceased was a very aged woman, as was known by those who knew her, and had without doubt passed the century mark.

Deceased was born in Charleston, S. C., where she was reared until two years after the surrender, when she came to Florida, and has lived here ever since. She was a good woman, having been converted at the age of ten years.

At an advanced aged deceased was very active, and was enabled to work around the house. She was partially blind for a while, but her "second" sight returned, when she was enabled to see as well as ever, and up to a year or two before her death could do as much work as any woman of fifty to sixty years of age.

The funeral was held Monday afternoon, and was largely attended.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

Passengers Panic-Stricken.

Tokio, March 4.—Afternoon—The captain of the Japanese steamer Tokai, who was steaming abreast of the Dakota Sunday, reports that when sighted the steamer was at full speed, heading south, when she changed her course quickly in order to avoid danger just at the momen: she struck with her head down and lower screw exposed. The passengers were panic-stricken, but were rescued by boats from the Tokai, and from the land, which took them all ashore. The day was very calm, but the dreaded current peculiar to that locality was very strong.

Went to Sleep on the Track.

Pensacola, Fla., March 5.—W. J. Hammett, foreman of a mill at Golding, near that city, whose family resided at Leslie, Ala., was struck by a Louisville and Nashville train and instantly killed. Hammett had been to Pensacola, and started home. He went to sleep on the track, and was struck before the engineer could stop the train.

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Sunday Blue Laws Revived.

New Orleans, March 5.—Specials from Harrison county, Miss., say that the Sunday Blue Laws are being revived there again. Sunday at Gulfport even drug stores, soda fountains and fruit stands were closed by order of Police Justice J. T. Evans. Visitors complained not only that they could get nothing to drink, but that it was difficult to purchase eatables.

Worked Like a Charm.

OLD TIME STYLES.

The Fashions In Ladies' Hats In Richmond After the War.

A southern lady in a diary which she kept throughout the civil war tells of a bonnet which she made and which was regarded as "quite stunning." The author of "Dixie After the War" quotes from the diary as follows:

We had been wearing coal scuttle bonnets of plaited straw, trimmed with corn shuck rosettes. I made fifteen one spring, acquired a fine name as a milliner and was paid for my work.

I recall one that was quite stunning. I got hold of a bit of much worn white ribbon and dyed it an exquisite shade of green with a tea made of coffee berries. Coffee berries dye a lovely green. You might remember that if you are ever in war and blockaded.

When the northern ladies appeared on the streets of Richmond they did not seem to have on any bonnets at all. They wore tiny, three cornered affairs, tied on with narrow strings, and all their hair showing in the back. We thought them the most absurd and trifling things. But we made haste to get some.

The Yankees introduced some new fashions in other things besides clothes that I remember vividly, one being canned fruit. I had never seen any canned fruit before the Yankees came. Pleasant innovations in food were like to leave lasting impressions on one who had been living on next to nothing for an indefinite period.

A QUEER OLD GUN.

The Way the Ancient Matchlock Was Loaded and Fired.

Among the arms now obsolete which formed a large part of the infantry equipment in the days when the army was started was the pike, which was in the form of a spear, with a flat and pointed head, mounted on a staff from thirteen to eighteen feet long. The firearm in general use at the time was the matchlock.

What would a sergeant major of the present day, with his men armed with the magazine rifle, think of such a weapon as this: "Attached to the lock of this musket was a pan; also a cock, the hammer of which was somewhat in the form of a bird's, serpent's or dog's head. This head was split, and a screw compressed on eased the slits. The piece being loaded first with powder and then with ball, some powder was poured into the pan. The pan was then shut to keep this 'priming' from dropping out and to keep it dry. When the soldier wished to fire, he fastened his burning match into the slit of the cock, opened the pan, looked to his priming, presented and pulled the trigger. The match, falling into the powder in the pan, fired it.

"Between the pan and breech of the barrel communication was established by means of a small hole. When the piece was being loaded the grains of powder were naturally rammed and shaken down close to this hole, and when priming the soldier took care to perfect the communication of the powder in the pan with that in the barrel. Thus the explosion in the pan caused the ignition of the charge."—London Graphic.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Imperative.

An infantry soldier named Scheiber died on the last day of his leave in his home in a little village in upper Austria. The village burgomaster, himself an old soldier, remembered that the commanding officer of Scheiber's regiment should be notified of the death, and he proceeded to do so in the following letter:

"The undersigned village burgomaster requests on behalf of the soldier Scheiber two days' more leave, as otherwise his interment cannot take place."—Vienna Press.

KEEP OUT OF DEBT.

As matters look shaky in Wall Street and business depression is generally foretold first from that quarter, it may be well for honest folk to take account of stock and see where they are at. There is no general appearance of trouble on the horizon of legitimate business, but it will be well to get out of debt and keep out until matters are more normal. There is such a boom on in prices that there must be some reaction, and already the railroads are reducing expenditures and large building operations are being curtailed on account of the great cost of material.

Caution should certainly be observed until the next crops are assured, for we have been blessed with six fat years, and experience shows that the lean years must follow. The high price of farming land in many States is based on present high prices of farm products and large crops, and in many cases the price asked for farms will, under the most favorable conditions only, pay very reasonable interest, and with lower prices and a shrinkage in crops would make out a very poor return on the investment. The farmer who is in debt might, if crops are poor, find himself in difficulties, and now, therefore, is the time to get out of debt, so as to be on the safe side if business depression arrives.

As long as the trusts are protected by the tariff they will continue to charge high prices for their products, and with another Republican standpat Congress ahead there is but little probability of relief from trust exactions for the next three years, or until 1909 when the Congress elected next year will meet. So the cost of living is not likely to decline very much, unless a severe business panic occurs, which would cause factories and workshops to shut down or wages to be so reduced that the purchasing power of the people in the business centers would decline and so cause a tumble in prices.

Even under such distressing circumstances the farmer who is out of debt is assured of a home and a comfortable living; it may inconvenience him to adjust his living to a decreased income, but he will not be harrassed like his unfortunate neighbor who is in debt.

DEATH OF GEN BALLENTINE.

General W. D. Ballentine, one of the brainest and most gallant ex-Confederate soldiers who figured in the war between the States, died at his home in Fernandina last Monday morning in the seventy-fifth year of his age, from paralysis. He was beloved and honored all over Florida, and not only Fernandina but the entire State loses a valuable citizen in his death.

Gen. Ballentine went all through the Civil War and was conspicuous in many engagements on account of his daring deeds. He was among the organizers of the Rifle Rangers, which was organized in Pensacola in May, 1861, of which he became first lieutenant, under Capt. E. A. Perry, and being sent to Virginia in August, 1861, the Rangers eventually became Company A of the Second Florida Regiment, when Capt. Perry became colonel of the regiment. Gen. Ballentine became captain of the company and ultimately acting colonel.

He was in nearly every battle the Second Florida Regiment was engaged in, and at the battle of Spartanburg or Antietam he especially distinguished himself for his bravery and gallantry, leading his regiment under heavy fire, under great difficulties and over corn fields and stone fences to the very line of battle.

Gen. Ballentine has since the war been the commander-in-chief of United Confederate Veterans of Florida, and was held in high esteem by all of the old soldiers.

Nearly every member of the next Legislature is endeavoring to get on the good roads band wagon by announcing that he will introduce a bill on the subject. Better be careful, brother solons. Too many cooks often spoil the broth. Some of you had better devote your time to perfecting measures introduced by others than introducing bills of your own. There will be bills to spare relating to every subject imaginable, so you need lose no sleep for fear the whole burden of the next Legislature will rest upon your individual shoulders. One hundred other patriots will be there to share it with you.

Hon. Eugene Cottrell will be the Senator from LaFayette and Taylor counties, to succeed Senator Al Winburn, deceased. Mr. Cottrell served his district as Senator some years ago and made a faithful member of that body. His father, Col. J. L. Cottrell, was one of the most widely known men in Florida. He was a member of the Confederate Congress from Alabama, and for several years after the war represented Levy and LaFayette counties in the Florida Legislature.

United States Senator Spooner of Wisconsin has tendered his resignation to Governor Davidson, to take effect May 1. His only reason for resigning is that he could not afford to longer make the personal sacrifice by neglecting his law practice, which the duties as Senator compelled him to make. He is one of the ablest men in the Senate and his resignation is deeply regretted by his colleagues.

The chief intellectual difference between Senator Beveridge and a woman is that the woman has the last word. There is no such thing as the last word with Beveridge.

Now, what will the ladies do to the Senators who voted to keep Smoot in his seat?

A PLOT THAT FAILED.

The Scheme to Blow Up Napoleon III. With Gunpowder.

An interesting story is that of a frustrated plot against Napoleon III. which has never got into the history book, but which is one of the favorite stories of M. Victorien Sardou.

In 1900, when the frontage of the Theatre Francais was rebuilt after the disastrous fire in which one of the most charming actresses of the Maison de Moliere lost her life, several shops disappeared, among them being that of the famous Restaurant Chevet. It was not properly speaking a restaurant. Chevet used to sell liqueurs, groceries, smoked meats, etc., and in a couple of low ceilinged rooms on the first floor he would serve a meal or two to connoisseurs. One day in 1865 or 1866 two young men of fashion, Russians both of them, came in and called for dinner in one of the little rooms which were above the shop. They asked for caviare, but when they got it they protested loudly that the caviare was of inferior quality and called for the owner of the shop. He came, apologized and was met with the remark, tendered laughingly by one of the diners, that next time they came they would bring their own caviare. They came again and brought it in a little white wooden barrel, and when they left they had it put on one side for them. From time to time the two young Russians came and dined chez Chevet, dined invariably in the same room and always began their dinner with their own caviare. One day they finished the barrel, and a few days later, in the afternoon, one of them brought another one. "Put it in the little cupboard in the room we always dine in," he said to the waiter, "and do not let anybody touch it until we come to dine." The waiter took it, but on his way upstairs something peculiar struck him.

"Look at this barrel," he said to the restaurant keeper. "There is something queer about it."

"That is no business of ours," said the master of the establishment, "and I am not going to look at it, anyhow. What will our customers say if they find we have opened it?"

"Oh," said the waiter, "we can open it and close it again, and they will never know. It is certainly different from the last barrel. It is heavier, to begin with."

His insistence prevailed, and the barrel was opened. The restaurant keeper and the waiter started back in fright. There was no cavaire, but gunpowder in that little barrel, which was an infernal machine. The little dining room was exactly underneath the imperial box, and there is little doubt that the emperor's next visit to the Comedie Francaise would have been his last had the carefully laid plot not been discovered. The plotters never were caught, although the secret of the plot was carefully guarded and traps were laid for them in Chevet's restaurant for several days.—St. James' Gazette.

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go. — Brookline Chronicle.

The Starry Cross.

The first order ever bestowed upon women was the order of the Starry Cross, founded in 1668 by Eleanor, widow of Ferdinand III. of Austria, in thanksgiving for the saving of a portion of the holy cross at a fire in the palace at Vienna. This order, which was confirmed the following year by the pope, is divided into two classes, containing different jewels, and is conferred in recognition of distinguished virtues. It is worn on the left breast attached to a black ribbon.

No Chinese Language.

An English traveler says that "Chinese language" is a misnomer. "There is no such thing as a Chinese language any more than there is a European language. A Canton man cannot understand an Amoy man, and I have seen two Chinamen sitting together with a third one acting interpreter. Pigeon English is the common tongue of commerce."

Her Idea of It.

"Is this the Stock Exchange?" inquired the sweet young matron.

"Yes, madam."

"Then I wish to exchange these securities for some that will pay dividends. These never have."—Exchange.

ORDINANCE NO. 127.

An Ordinance to Provide for the Paving of East Main Street from Liberty Street, thence North to Boundary Street, and for the Cost of Such Work, and Issuance of Special Assessment City Certificates to enable said City to pay the Cost of Such Work Pending the Collection of Special Assessments and Taxes.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the Board of Public Works be, and the said Board is hereby authorized and directed to pave, or to contract for the paving of East Main street, from a point where Liberty street crosses said East Main street, thence North to Boundary street, the same to be properly graded and paved with crushed flint rock; such paving shall include curb and gutter, which curb and gutter shall be constructed of granolithic or vitrified brick.

Section 2—That the cost of the paving of said East Main street, as provided in Section 1 of this ordinance, shall be paid as follows, viz: One-third of the entire cost of such paving shall be paid by the City of Gainesville, and two-thirds of the entire cost of such paving shall be paid by the special assessment of same against the property fronting or abutting upon said street in proportion to the frontage of the property fronting thereon. The estimated total cost of the paving of said street is Fourteen Thousand Four Hundred Sixty-three and Twelve One-hundredths ($14,463 12) Dollars; the estimated amount per front foot of the special assessment to be levied upon the abutting property, fronting on said street where the same shall be paved, is Three and Ten One-hundredths ($3.10) Dollars.

Section 3—The special assessment for the paving of said street, as provided in Section 2 of this ordinance, shall become due and payable as fast as the said street is paved, to be paid in the proportion as named in said Section 2, by the owner or owners of each and every lot, piece or parcel of land, fronting or abutting upon said street, where the same is paved.

Section 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable, for the paving of said street, as fast as the same is paved, according to the special assessment against said property, as provided by Section 2 of this ordinance, to be paid, in order to enable said city to pay the cost of the paving of said street, pending the collection of said special assessments and taxes, said certificates to draw interest at the rate of Six (6%) per cent per annum. The amounts to be paid for the paving of said street shall be a lien on the lots, pieces or parcels of land fronting or abutting upon the same, and said lien shall be enforced by suit in equity, as provided by the charter of said city.

Section 5—The City Council shall, as soon as practicable after the completion of the paving of said street, meet, and by resolution fix the special assessment per front foot for the paving of said street, upon the abutting property, in the proportion of two-thirds, as named in Section 2 of this ordinance, said special assessment not to exceed two-thirds of the actual cost of the paving of said street, as provided by this ordinance, or, two-thirds of the estimated special assessment per front foot for such work, as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time, in a newspaper in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest, and any special assessment not so paid within said time shall bear interest from the date of the publication of such resolution at the rate of one (1%) per cent per month.

Section 6—The City Council shall meet on Tuesday, the 19th day of March, A. D. 1907, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied, to present their objections to the enforcement of the requirements of this ordinance.

Section 7—All ordinances or parts of ordinances, in conflict with the provisions of this ordinance, be, and the same are hereby repealed; and this ordinance shall take effect immediately upon it's passage and approval.

Passed in open session of the City Council this 15th day of February, A. D. 1907. G. K. BROOME,
President of the City Council.
Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 15th day of February, A. D. 1907. W. R. THOMAS,
Mayor of the City of Gainesville.
Attest: J. M. DELL, City Clerk.

MARTIN DIES SUDDENLY.

Prominent Alabama Statesman Succumbs to Pneumonia.

Montgomery, Ala., March 5.—Speaker W. L. Martin, of the Alabama legislature, died Sunday night from pneumonia.

Mr. Martin was seized with pneumonia ten days ago, having contracted a cold from poor ventilation of the house. Sunday morning his condition became desperate. His physicians resorted to every means to keep him alive, and since early Sunday gave him oxygen, but the disease stubbornly refused to respond to the treatment.

His family remained close beside him until the end came. Mr. Martin was about fifty-five years of age.

He was a very distinguished citizen of this state. He was formerly attorney general, and came to the capital from Jackson county. He remained here after retiring from office.

Among his other notable state services is the making of the present code. His most recent political history was election as speaker without opposition.

Charles Murray Still Missing.

Atlanta, March 5.—Nothing has been heard of Charles G. Murray, of 91 Orleans avenue, who mysteriously disappeared a week ago last Thursday. Although inquiries have been made for him by his neighbors, and the police have been appealed to, no tidings of him have been received. A telegram was received in the city from Mrs. Murray in which she stated that she could not come to Atlanta at once, as she was too ill to make the trip. It is believed the news of her husband's disapearance has prostrated her. Mrs. Murray's brother and brother-in-law were expected to arrive in Atlanta Monday, and begin an investigation of the disappearance of Mr. Murray.

Woman in Want Kills Herself.

Savannah, Ga., March 5.—Having borrowed the few cents necessary for the purpose, Mrs. Belle Basler, 24 years old, took a large dose of poison. A few hours later she was discovered. The laudanum had done its work, however, to a degree that rendered it impossible for the doctors to save her, though they took her to a hospital. She died a few hours after reaching the hospital. When discovered, Mrs. Basler prayed that when she was dead God might take care of her little ones, aged 2 and 4 years. Her husband is dead. She complained that relatives would do nothing to assist in the maintenance of herself and children.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

Street Car Dynamited.

Portland, Ore., March 5.—The fourth attempt within the past 90 days to dynamite a street car occurred Sunday night. All windows in the car were shattered and the motorman was hurled from his platform. The police say the explosion was caused by the discharge of a detonating cap.

Shortage of Labor.

San Francisco, March 5.—The department and construction work that is going on in San Francisco has resulted in a most appreciable shortage of labor all over California and from all parts of the state there are urgent calls for men and women and for teams.

Roosevelt Boy Has Diphtheria.

Washington, March 5.—President Roosevelt's youngest son, Archie, has diphtheria, but it is said he is not seriously ill. The patient has been isolated in the northwest room of the white house, and a strict quarantine is being maintained. Surgeon General Rixey, the president's physician, said that he was first called in to see Archie last Friday. Dr. Rixey at once began the use of anti-toxin and sent for a trained nurse. He has assured the president and Mrs. Roosevelt that their son is not seriously ill, and that there is no occasion for alarm. Archie was in school last week until the day he was taken ill.

A FINE ORCHARD.

Gainesville Peach Orchard Company Are Extensive Growers.

The editor and city editor of The Sun, in company with John Nix of New York, had the pleasure of spending the day with Mr. and Mrs. Geo. L. Taylor at Palmer on Sunday, and it will be a day long remembered by each member of the trio.

Mr. Taylor, who is superintendent of the Gainesville Peach Orchard Company, and his good wife, exercised every effort to make the visit pleasant, and they were most successful. An elegant dinner, temptingly prepared, was served, which was highly relished, after a drive of fourteen or fifteen miles.

Through the courtesy of Mr. Taylor, the party was shown through the orchard, which embraces 375 acres of the Waldo, Jewel, Angel, Marguerite and Florida Gem crop varieties. The trees are in full bloom, with prospects of a fine crop the coming season. The continued drought, however, has caused a great deal of damage to some of the trees, especially those of the Marguerite variety, which do not appear to be as hardy as others.

To use the slang impression, 375 acres of peaches is "some orchard," and represents not only a tremendous outlay of money, but much energy and labor as well. The orchard is an interesting place to visit, even at this season. When the fruit is ripe upon the trees, the scene is one which cannot help but inspire visitors, whom Mr. Taylor, in his hospitable manner, is always glad to conduct through the property.

The Gainesville Peach Orchard Company is by no means a small concern, as will be noted by the acreage they now have under cultivation. The orchard shipped in the year of 1905 about 10,000 crates of choice fruit, which realized good prices. Last year was an off season, however, caused by adverse conditions, but the coming season, if there are no further set-backs, it is expected that between 15,000 and 20,000 crates will be shipped.

Gorton's Famous Minstrels.

Gorton's Famous Minstrels with everything new will appear at the opera house Saturday night.

Prominent among notable performers are the premiers of comedy, Jake Welby, Ralph Kintner and Charles Jacobs, with new songs, original jokes and parodies, furnishing fun fast and furious.

Kane, the ventriloquist, offers one of the most unique and novel acts of this kind ever presented on the minstrel stage. Mr. Kane in connection with other innovations, introduces a number of mechanical walking figures, among which are the "Mischievous Irishman," "Old Black Joe," singer of plantation melodies, "The Noisy Parrot," and an extremely funny finale entitled "The Telephone."

The "Military Inventor" is a very amusing skit which keeps the audience in a continual roar of laughter during its presentation.

Remember the grand street parade and band concert at noon.
